PROFESSIONAL SUMMARY

Business Analyst and Data Analyst with 7+ years of experience across sales operations, customer service, and business development, now backed by a completed data analytics track (Excel, SQL, Power BI) and a Google Data Analytics Certificate. Skilled at gathering business requirements, mapping processes, and translating raw data into dashboards and recommendations that stakeholders act on. Recently completed a Data Analyst internship at MicroTech Africa, delivering end-to-end analysis projects from raw data through to executive-ready dashboards.

EXPERIENCE

Data Analyst Intern | MicroTech Africa

2026 (Completed)

- Delivered multiple end-to-end data analysis projects, from raw data cleaning through to Power BI dashboards and executive summaries
- Applied Power Query, DAX, and SQL to structure and model messy real-world datasets
- Communicated findings to non-technical stakeholders in plain, decision-ready language

Sales Professional | Essilor Luxottica

Port Harcourt, Nigeria — Ongoing

- Delivered a 15% increase in operational efficiency through process improvements identified on the sales floor
- Achieved a 50% first-contact resolution rate, reducing repeat customer escalations
- Drove a 30% increase in customer satisfaction through structured stakeholder communication

Business Operations & Customer Service | Medicano Resources Limited

Prior Role

- Managed customer service and business development functions across day-to-day operations
- Built the operational grounding that now informs how I scope and prioritize analysis work

PROJECTS

Women's Clothing E-Commerce Review Analysis

Analyzed 23,000+ customer reviews for sentiment, recommendation behaviour, and product performance. Delivered a Power BI dashboard and executive summary.

Hotel Booking Performance Dashboard

Built an executive Power BI dashboard surfacing booking patterns, cancellation trends, and revenue opportunities.

WealthBridge Advisors: Investment Preference Analysis

Cleaned investor survey data and identified KPIs predicting investment behaviour across six core business questions.

SmartSave Business Analysis Case Study

Produced BA deliverables — requirements documentation, process models, stakeholder analysis, solution recommendations.

Amazon India E-Commerce Sales Analysis

End-to-end sales analysis in Python/pandas and Power BI, with a multi-sheet Excel workbook and DAX dashboard.

SKILLS

Excel (Advanced) • SQL • Power BI • Power Query • DAX • Business Requirements • Stakeholder Analysis • Process Mapping • User Stories • Gap Analysis • Data Storytelling

EDUCATION & CERTIFICATIONS

Google Data Analytics Certificate

Google — Coursera

Data Analytics Bootcamp

Completed 2026 — Applied training in Excel, SQL, Power BI, and business analysis fundamentals, built on real datasets and case studies.
